The BCS Program is focused on expanding its level of participation in student construction competitions, which allow students to apply their learning in real-world situations to showcase their skills against other programs regionally and nationally. This will be the fourth year that Mississippi State has attended the ASC/AGC Region II Student Competition. Teams have competed in the Sustainability/LEED, Design-Build, and Commercial Construction categories. They also participate in the shadow portion of the competition, which is set up for lower-level students to gain exposure to the competition environment but begins with basic principles.

Where does the money go?
Funds raised from last year’s event has allowed us to send two teams to compete at this year’s Associated Schools of Construction/Associated General Contractors (ASC/AGC) Region II Student Competition from October 28–30 in Greensboro, North Carolina.

Career Fair
The BCS students eagerly want to fill the internship and full-time positions you have available within your organizations.

Each organization participating in the career fair will be provided an 8-foot space, which includes one 6-foot rectangular table and tablecloth. If you require an electrical outlet for your display, please bring an extension cord. WiFi is available at no charge.

Booth Fees
• Single Booth: $300
  Includes one 6-foot table, two chairs, and lunch for two representatives

• Double Booth: $400
  Includes two 6-foot tables, four chairs, and lunch for four representatives

• Crawfish Boil: $25 per person
  BCS will host a crawfish boil on Thursday evening. Please consider joining us. Details to follow.
